

HUN DRIVE BROUGHT TO COMPLETE CHECK

Thousands of Teutons Have Been Used As Fod-
der For Allied Guns While Gains Have
Been Insignificant

ACTIONS NOW SMALL AND LOCAL

Obliteration of Noyon Salient and Taking of Unimportant
Towns Only German Consolation—French Believe
Main Effort of Teutons Is Yet to Come Before Ameri-
can Strength Can Be Felt.

The attempted drive by the armies of the German Crown Prince to-
ward Paris seems definitely to have been checked. With thousands of their
men having been fed to the guns on the Montdidier-Noyon and Soissons-
Villers-Corbet sectors, in the mad rush to pierce the Allied lines in these
regions, and thus gain a fairway to the French capital, the maneuvers of
the German commanders apparently have brought to the German arms
nothing more than the obliteration of the Noyon salient and the capture of
a few unimportant positions southwest of Soissons near the outskirts of
the Villers-Corbet sector.

Enemy Stopped in Three Days.
Friday, the sixth day of the
offensive between Noyon and Mont-
didier, witnessed only small local
actions, the depleted German forces
evidently fearing again to test the
might of the French and allied troops
whose guns, machine guns and rifles
have worked such havoc among them.
Less than three days was required by
the allies to bring the enemy to a
virtual halt south of the Aisne.

The feeling still prevails in military
circles in France that the main effort
of the Germans has not yet been
launched, and speculation is rife as to
when it will come and what the gen-
eral objective will be—whether Paris
or the channel ports. It is known that
the enemy still has large effective
available behind the lines, thousands
of them brought from the Russian
front.

The armies of General Foch, how-
ever, everywhere were watchful and of
such strength and good morale as to
lead to the belief that, no matter
where the enemy chooses to oppose
them, they will be able to give a
splendid account of themselves.

Look For Attack at Arras or Scarpe.
Seemingly it is not improbable that
Field Marshal Haig's forces will be
called again to measure their strength
against the Germans, and that the ter-
ritory near Arras or in the Scarpe sec-

VESSEL IN LONG FIGHT WITH SUB

U-Boat Gives Up All Day Con-
test When British Steamer
Gets Near Coast

ANOTHER SHIP ESCAPES

English Ship, Keemun, Passes
Through Virginia Capes Af-
ter Calling For Help

An Atlantic Port, June 14.—A story
of an all-day fight yesterday with a
German submarine off the Virginia
coast was brought here today by
Capt. George Aldin of the British
steamship, Author. He said the raid-
er gave up the chase 70 miles from
the Virginia capes, apparently fear-
ing to brave the coast patrol.

Capt. Aldin, whose ship is one of
the few armed craft to be attacked by
the U-boats since they came to Amer-
ican waters, said the German showed
no disposition to come within the
range of the guns of his armed guard
of British blue jackets, though he
trailed him at long range for 12 hours.
Many shots were fired without effect.

Attacked Ship Reaches Port.

An Atlantic Port, June 14.—The
British steamship Keemun, attacked
last night off the Virginia coast by a
German submarine, passed safely
through the Virginia capes today ap-
parently not damaged seriously at all.

Washington, D. C., June 14.—Naval
officials here were informed of the
ship's arrival, but had no account of
her experience with the raider.

The navy department refused to add
details of the escape of Keemun,
though it was announced that the pre-
vious reports from the vessel had been
that she was being shelled by a sub-
marine off the Virginia capes.

The Keemun's master reported her
attacked and sinking Thursday night,
according to another merchant man
which arrived today at an American
port. The Keemun is a freighter.

Heard Calls for Help.

A British steamship arriving here
today reported that she received wire-
less messages from the British steam-
er Keemun, last night that she was
being attacked by a German sub-
marine. Two hours later word was
received from the vessel that she was
sinking. The Keemun, a vessel of
5,971 tons, said she was off the Vir-
ginia coast. She was last reported as
leaving Manila.

If the Keemun has been destroyed,
this is the largest steamship yet sunk;

OFFICERS OF ONEONTA COUNCIL, NO. 288, THE HOSTS.
Left to right standing: H. Spencer Rowe, H. D. Weston, C. F. Huntington, H. J. Dabrow, J. P. Harrington, R. A. McMorris, F. E. Neal.
Sitting: Ray Kellam, Tracy S. Bard, Edward D. Tinker, C. H. Walling, C. H. Bowdish.

MARRIAGE NO LONGER CAUSE FOR EXEMPTION

Only in Cases of Latest Regis-
trants Will It Be Considered If
Before January 15

Washington, D. C., June 14.—Mar-
riage since the enactment of the se-
lective draft law no longer will be ac-
cepted as cause for exemption from
military service except in the cases of
men who have become of age since
June 5, 1917, who may be exempted
if they were married before January
15, 1918, the date on which the joint
resolution requiring their registration
was introduced in congress.

Drastic amendments to the draft
regulations were announced tonight
by Provost Marshal General Crowder,
under which Local Boards are re-
quired to reclassify all classes involv-
ing such marriages. Dependency
claims on account of children of
such marriage will be allowed, where
children were born or unborn before
June 9, 1918.

Following is an order sent to all
state draft executives:

"Please promulgate at once to
Local Boards the following important
amendment to the selective service
regulations:

"Rule 5, Section 72, S. S. R., is
amended to read as follows:

"Rule 5a.—The act of dependency
resulting from marriage of a regis-
trant who has become 21 years of age
since June 5, 1917, and who has mar-
ried since the date of the introduc-
tion of the joint resolution in con-
gress requiring his registration, to-
wit, January 15, 1918, will be disre-
garded as a ground for deferred
classification.

When Claim Is Disregarded.

"If a registrant who has attained the
age of 21 June 5, 1917, and who has
contracted marriage subsequent to the
date of the enactment of the selective
service law, to wit, May 18, 1917, but
on or prior to January 15, 1918, claims
deferred classification on the ground
of dependency resulting from his mar-
riage, the fact of dependency resulting
from his marriage will be disregarded
as a ground for deferred classification,
unless the dependent is a child of the
marriage born or unborn, prior to
June 5, 1918, in which case a regis-
trant upon satisfactory proof being
made shall be classified in class 2.

"If a registrant, other than one who
has attained the age of 21 years since
June 5, 1917, who has contracted mar-
riage since May 18, 1917, claims de-
ferred classification on the ground of
dependency resulting from his mar-
riage it will be disregarded as a ground
for deferred classification unless the
dependent is a child of the marriage,
born or unborn, on or before June 5,
1918, in which case such a registrant
upon satisfactory proof being made
shall be placed in class 2.

"Nothing contained in this
amendment to rule 5 shall be con-
strued as requiring the transfer to
class 2 of any registrant who has been
finally classified in class 1 in the
affirmative findings at his marriage,
since May 18, 1917, was made with
primary view of avoiding military
service.

"Instruct all local boards forthwith
to reclassify all cases involving mar-
riage since May 18, 1917, in accord-
ance with the above.

GERMAN DIES FIGHTING FOR U. S.

Lieut. Stein of New York City Victim
of Teuton Air Raid.

New York, June 14.—Lieut.
George Stein of this city, listed as
killed in action in today's announce-
ment of army casualties, was the vic-
tim of a German air raid on May 28
over the American lines, according to
a telegram received here from the
war department. He was attached to
a machine gun battalion.

Coming here from Germany in
1907, he was unable to speak or write
English and found great difficulty in
obtaining employment. At last he
got a job in a small Massachusetts
town as helper in a college fraternity
house, but the work soon became dis-
tasteful and he returned to this city.
Becoming despondent after many un-
successful attempts to obtain employ-
ment here, he followed the advice of
a friend and enlisted in the regular
army about ten years ago. After per-
sistent study, he mastered the Eng-
lish language and later won a com-
mission.

Present Lull Only Forerunner of Violent Offensive By Huns

Washington Observers Believe That Final Effort
Will Be Made At Amiens—Previous
Thrusts Mere Feints

Washington, D. C., June 14.—The
present lull on the battle front in
France only presages a new and more
violent storm of attack on the Allied
lines, in military opinion here. The
impression is rapidly strengthening
that the stage is almost set for re-
newal of the German main thrust at
the British army around Amiens with
the channel ports as the objective.

Belief has never wavered among
the majority of officers here that the
real purpose of the German general
staff has been from the first to cut
the Allied armies apart by a drive
that would carry them through to the
channel, that arrived at that goal
passed attacks would be hurled
against the northern sector for the
purpose of destroying the British
army, while a strong defense was
maintained against the French to the
south. The thrust at Paris has been
looked upon as well planned and ex-
ecuted feints designed to weaken the
Amiens front before the final effort
should be made there.

On no other theory can the observ-
ers explain the sequence of German
operations in the battle; and on no
other basis they say can the cam-
paign of defense waged by General
Foch be understood.

It is a battle in which the ultimate
reserves will win the day as the fight
is seen here. If the German general
staff considers the "present" situation
along the vast front stretching from
Ypres on the north to Rheims on the
south promising for the final effort,
the ultimate German reserve is now
being assembled for the attack, while
fighting fronts take breath.

Some observers believe further

DOCTORS IN FAVOR OF UNIVERSAL TRAINING

Study of Draft Examinations
Shows How It Can Benefit
Nation's Youth

Chicago, Ill., June 14.—The 69th
annual convention of the American
Medical association adjourned today,
after the house of delegates had un-
animously adopted a resolution urg-
ing compulsory military training for
all young men before they are per-
mitted to vote. The text of the resolu-
tion was as follows:

"Whereas, The partial inventory of
our national health, made possible by
the physical examination under the
selective draft act, showed a large
percentage of our young men unfit
for military service, and further that
as most of these disabilities are cur-
able, the American Medical associa-
tion is prompted to speak formally
on this subject; and

"Whereas, In view of the wonder-
ful mental and physical benefits which
have been manifested in the young
manhood of America through inter-
sive military training in the National
Army cadetships; and

"Whereas, Knowing that this train-
ing has done much to inculcate the
knowledge and value of sanitation
and personal hygiene in the individ-
ual, therefore be it

Resolved, That the American Med-
ical association urge the early adop-
tion of a permanent national policy
of universal military training for all
young men before the right of suf-
frage is granted them."

SUPERVISOR WAR CONTRACTS.

Washington, D. C., June 14.—Secre-
tary Baker today appointed Max
Theiling of San Francisco, to be super-
visor of war contracts under Quar-
termaster General Goethals. Mr. Theiling
is to be in the office of Eng. Gen. Hugh
S. Johnson, recently placed in charge
of all war purchases. He is to have
complete control of contracts and will
act in co-operation with Assistant Sec-
retary of War Stettinius.

HEARINGS ON NATION WIDE WAR PROHIBITION

Randall Dry Amendment Elim-
inated From Agricultural Ap-
propriations Bill

Washington, D. C., June 14.—The
senate agricultural committee late to-
day reconsidered its vote of earlier in
the day for a favorable report on the
proposal of Senator Jones of Washing-
ton for national prohibition during the
war and decided to hold hearings on
the amendment. The committee how-
ever sustained its former action in
eliminating from the emergency agri-
cultural appropriations bill the Ran-
dall prohibition amendment.

Senator Smith of South Carolina,
acting chairman of the committee, an-
nounced that the hearing will open
next Monday and continue until possi-
bly Wednesday, after which the com-
mittee will determine what action it
will take on the Jones' amendment
which will forbid the use of grain and
foodstuffs in the manufacturing of
malt or vinous liquors during the war.

Several members of the committee,
including Senator Norris of Nebraska
are said to be of the opinion that the
amendment would be unconstitutional.
If the committee decides to reject it
Senator Norris plans to offer a sub-
stitute.

Rejection of the Randall amendment
is understood to have been unanimous.
Under its provision expenditure of ap-
proximately \$6,000,000 provided in the
agricultural appropriation bill would
have been prevented unless President
Wilson exercised the powers conferred
on him under the food control act and
issues a proclamation prohibiting the
use of foodstuffs in the production of
beer or wine.

The committee also eliminated from
the bill the house provision prohib-
iting the use of any money appropriated
in the measure to any employee of
draft age in the department of agri-
culture who had been given deferred
classification. Representatives of the
department at a hearing before the
committee yesterday vigorously ob-
jected to this action, declaring no ex-
emption from military service had been
asked for any employee whose service
was not absolutely necessary.

DEMAND W. U. ABIDE BY DECISION

President Telegraphers Union Sends
Ultimatum to Telegraph Company
—Decision Must Come Today.

St. Paul, Minn., June 14.—A de-
mand that the Western Union Tele-
gram company "abide by the decision
of the National War Labor board that
operators be given the right to join
unions" was made today, according
to an announcement here tonight by S. J.
Koenekamp, president of the Com-
mercial Telegraphers union of Amer-
ica. The demand was made by the
Order of Railway Telegraphers, Mr.
Koenekamp said, adding that the two
"unions will stand together in the
struggle against the Western Union."

The time limit for meeting the de-
mand expires at noon tomorrow, Mr.
Koenekamp said.

FLAG DAY AT WASHINGTON.

Washington, D. C., June 14.—Flag
day, which this year marked the 141st
anniversary of the adoption of the
American flag, was observed here to-
day with outdoor exercises beneath
the Washington monument. Presi-
dent Wilson, members of the cabinet
and others high in official life were
in the big crowd, which listened to
a patriotic address by John W. Davis,
senior general of the United States
Army, aviators circled overhead
during the exercises.

Flag day was commemorated in the
house with an address by Repre-
sentative Barkley of Kentucky.

BEACH HEADS DENTISTS.

Saratoga Springs, June 14.—Dr.
George A. Beach of Syracuse was
elected president of the Dental So-
ciety of the State of New York at its
annual meeting here today. The
other officers chosen were: Vice
president, Dr. Horace P. Good,
Brooklyn; secretary, Dr. A. P. Burk-
hart, Auburn; treasurer, Dr. George
H. Butler, Syracuse; corresponding
secretary, Dr. Arthur W. Smith,
Rochester.

Gold medals were presented to the
three living charter members and the
past president at the banquet held to-
night in honor of the society's 100th
anniversary.

O'LEARY FLED IN BUM'S GARB

Prosecuting Attorney Makes
Statement At Trial of
O'Leary's Brother

WENT ON TO ST. LOUIS

Jeremiah, Says Attorney, Feared
"Frame-Up" By Fed-
eral Agents

New York, June 14.—Jeremiah A.
O'Leary the New York lawyer and
Sinn Fein leader under indictment
here for complicity in two German
espionage and treason plots, left New
York for St. Louis on May 7, attired
in old clothes, "so as to look like a
bum."

This assertion was part of Assistant
District Attorney Barnes' open-
ing statement at the trial in federal
court today of O'Leary's brother,
John J. O'Leary, and Arthur L.
Lyons, on a charge of conspiring to
thwart justice by helping him to
escape.

O'Leary fled on the eve of his trial
for publishing alleged seditious anti-
scription articles in the magazine,
Bull, of which he was formerly
editor. Last Friday he was named
with four other Americans and two
German subjects, one a woman, as
party to alleged plots to supply Ger-
many with information relative to
American participation in the war, to
lend assistance in forming rebellion
against British rule in Ireland, and
to aid the landing of any German ex-
peditionary forces in Ireland.

Barnes told the court it would be
shown that Jeremiah O'Leary had
expressed fear that he would be
"framed up" on charges connecting
him with "a German spy plot," and
that Mme. K. de Victoria, the woman
named in the espionage, and
treason plot, would "open up and
tell everything unless she was given
her dose." He said the woman was
addicted to the use of drugs, the pro-
secutor declared.

O'Leary Reached St. Louis.

A. L. Lyons' connection with the
alleged justice obstruction conspiracy
became known today when it was re-
vealed that he had been named in a
secret indictment returned last Mon-
day. He was arrested that day in
Phoenix, Ariz., by department of jus-
tice agents who traced him to that
place from St. Louis. He had accom-
panied O'Leary, by whom he had
been employed as a confidential in-
vestigator from this city to St. Louis,
Barnes asserted.

The clothes in which O'Leary made
his flight were given him by his
brother, John J., it was stated.

After bidding his brother good bye
at the station here on May 7, John J.
O'Leary the next day sent a telegram
addressed to Jeremiah at Glens Falls,
N. Y., "hoping thereby to misdirect
the efforts which might be made to
arrest him," the prosecutor declared.

One of the overt acts alleged in the
indictments now being tried was Jer-
emiah O'Leary's transfer to his brother
of "a power of attorney authoriz-
ing him to attend to his business
while absent."

Numerous incidents preceding and
subsequent to the fugitive's disap-
pearance were cited by the prosecu-
tion as tending to show John O'Leary's
knowledge of his brother's intentions
and whereabouts.

Among these were collections of
legal fees John is alleged to have
made in Jeremiah's behalf and the
transfer to his own account of his
brother's funds in a New York bank.
F. E. Felder, who has been retained
by Carl Rodinger, former German
army officer, alleged to be implicated
with the fugitive and Mme. de Vic-
toria in the spy and treason plots,
appeared in court today as counsel
for John J. O'Leary.

The taking of testimony will begin
Monday.

744,865 REGISTERED ON JUNE 5 FOR DRAFT

Figure 266,724 Below Estimates,
But More Than 200,000
Have Joined Service

Washington, D. C., June 14.—Near-
ly complete reports to the provost
marshal general's office showed that
744,865 young Americans who have
become of age during the past year
registered for military service on
June 5. This is 266,724 below the
estimate of the census bureau, but
since more than 200,000 unregistered
20-year-olds already are enlisted in
the army, navy and marine corps,
the military authorities find the re-
sult entirely satisfactory.

"It is confidently believed that this
number will be made up by belated
registrations yet to be heard from,
including among them the registra-
tion of the absentees which is accom-
plished by mail," said a statement is-
sued by Provost Marshal General
Crowder in giving out figures on the
basis of reports to date.

The 1918 registration total by states
included:—Massachusetts, 24,993;
New Hampshire, 2,776; New Jersey,
20,574; New York, 69,529; Pennsylv-
ania, 63,387; Vermont, 2,554.

BASEBALL RESULTS

NATIONAL LEAGUE

GIANTS BEAT CHICAGO.
New York, June 14.—New York Giants beat Chicago Cubs 7 to 0. Batteries—Vaughn and Kimmer; Demaree and Hariden.

RALLY IN LAST FUTURE

Boston, With 7 Runs, Wins Game in Which Pirates Make 6.
Boston, Mass., June 14.—Despite a ninth inning rally, which yielded Pittsburgh four runs, Boston won 7 to 6 today, taking the series, three out of four and going into third place, tie with Cincinnati.

DODGERS DEFEAT REDS.

Ny 2 to 1, Brooklyn Beats Cincinnati on Ebbets' Field.
Brooklyn, June 14.—Brooklyn won today's contest with Cincinnati by a score of 2 to 1.

SPILT ON DOUBLE HEADER.

Philadelphia Takes First Game, 2 to 1; St. Louis Second, 6 to 3.
Philadelphia, Pa., June 14.—St. Louis and Philadelphia split even in a double header today, the locals taking the first game 2 to 1, and St. Louis the second 6 to 3.

AMERICAN LEAGUE

SENATORS ARE RAGGED.
Chicago rallies in seventh, defeating Washington 7 to 4.
Chicago, Ill., June 14.—A seventh

inning rally, in which the Washington defense went to pieces, enabled Chicago to win the first game of a series here today, 7 to 4. R. H. E. Washington, 10 10 2 0 0 0 4 3 3 Chicago, 2 0 0 0 0 0 4 1 1 7 10 1 Batteries—Ayers and Pichnich; Shellenback, Cicotte and Schaik.

YANKEES WIELD BATS STRONGLY.

Tigers Lose to New York When Free Hitting Starts.
Detroit, Mich., June 14.—New York defeated Detroit 11 to 6 in a free hitting contest this afternoon.

PHILADELPHIA OUTBAT INDIANS.

But Athletics Lose to Cleveland on Double Plays, 4 to 2.
Cleveland, Ohio, June 14.—Philadelphia outbatted Cleveland in the first game of the series here today, but lost 4 to 2, double plays keeping the visitors from winning.

ST. LOUIS CLIMBS TO VICTORY.

Turns Tables on Boston in First Game of Series.
St. Louis, Mo., June 14.—With the score 4 to 2 in Boston's favor in the ninth, St. Louis gained a 5 to 4 victory over Boston in the first game of the series today.

AMERICAN ASSOCIATION

At Louisville, 3 to 2; Minneapolis, 9 to 1; At Indianapolis, 0 to 0; St. Paul, 2 to 2; At Toledo, 3 to 4; Milwaukee, 6 to 7; At Columbus-Kansas City, rain.

INTERNATIONAL LEAGUE

At Buffalo, 3 to 4; Baltimore, 3 to 5; (Called, darkness.) At Toronto, 1 to 3; Birmingham, 3 to 2.

Wanted—Ad compositor. Must be sober, industrious and competent. Apply at Star office after 7 p. m., or write Compositor, care Star.

SENATOR HILL'S LABOR RECORD

Given Cordial Approval by Chairman of Legislative Committee, State Federation of Labor and Others.

The following letter received by a labor representative in Binghamton from Thomas D. Fitzgerald, chairman of the legislative committee of the New York State Federation of Labor, has been given out and will prove of interest, especially to the large number of organizations in this congressional district:

Albany, N. Y., June 11, 1918.
Mr. Jeremiah Ryan,
77 State street,
Binghamton, N. Y.

Dear Sir and Brother:
In reply to your inquiry as to the attitude toward labor of Senator William Hill of your district, submitted to the undersigned a few days ago, permit me to say that I agree heartily with the statement issued by President Holland. In addition to voting for our measures, Mr. Hill introduced some of our most important bills. For several years he has introduced the only measure introduced by the Locomotive engineers. This year he was successful in passing the cab bill of the Locomotive firemen, a measure of great importance to the members of that organization. Senator Hill also introduced the widowed mothers' pension bill. With President Holland let me say, "Your record during the last four years has been most excellent."

Fraternally,
THOMAS D. FITZGERALD,
Chairman Legislative Committee,
New York State Federation of Labor.

FINANCIAL AND COMMERCIAL

The New York Markets.

New York, June 14.—Reversing its course of the previous session, today's stock market was strong in the early and intermediate periods, but yielded very generally toward the end, materially reducing some of the more extensive gains.

Further favorable war advices, ab-

sence of expected disturbances in the money market and additional brilliant crop reports, accompanied the early buying and impelled considerable covering of short contracts.

Throughout the day United States Steel was the conspicuous feature, supplementing yesterday's three point gain with an additional 2 1/2 points, holding little more than half at the end.

Baldwin Locomotive, General Electric, New York Airbrake and Westinghouse led the distinctive equipment, General Motors, Chandler and Maxwell of the automobile division, and Utah Inspiration, the copper, while Royal Dutch Oil gave prominence to petroleum at an extreme advance of 5 1/2 points.

Fertilizers, leathers and papers were one to three points higher at their best, but were among the first to react. Gains in other utilities were offset by the heaviness of American Telephone on reports of new financing. Sales amounted to \$15,990 shares.

Italian exchange was further strengthened as a result of the adoption of remedial measures.

Liberty issues and international bonds were irregular within narrow limits. Total sales, par value, aggregated \$5,215,900.

United States bonds, (old issues) were unchanged on call.

ONEONTA MARKET.

Grain and Feed at Retail.

SMALLEST WOMAN IS GREATEST GYMNAST

Weights Less Than 100 Pounds, But Most Remarkable Performer in Entire Circus World

Famous Gymnast Coming with Ringling Brothers.

Admirers of Lily Letzel say she is the greatest woman gymnast in the world. Miss Letzel, who is a very modest young lady, makes no such assertion, but she will tell you with much pride that, of all the feet that slip through the aerial riggings of circuses, hers are the smallest.

Lily Letzel is not yet twenty years old. She likes to talk about her life and work. Said she recently:

"Exercise for women seems to have been lost sight of to a great extent. All cannot be great athletes and prob-

strenuous. Now it is child's play for me to perform from sixty to a hundred giant swings with one hand, while swinging from a rope in mid-air. I never fear lifts and haven't had so much as a cold in years. Let my sisters who complain of poor health exercise consistently and they will be well in both mind and body always."

Miss Letzel is a native of Prague, Bohemia, and comes from a family of performers. She is but one of three score of aerialists who will come here with Ringling Brothers' circus, Monday, June 24, but while she executes her great "half flanges," all else on the program is brought to a halt. The Ringlings are this season traveling 400 arenic artists, the gorgeous spectacle of romance and knightship, "In Days of Old," and a menagerie of 1,000 animals. It is said to be the greatest circus ever offered in the career of the famous showmen.

CARS FOR OFFICERS.

Eleven Touring Cars and One Delivery Auto Reach Here.

Eleven touring cars and one delivery car arrived in the city last night on their way to Philadelphia to be used eventually by officers of the army and navy. The cars are part of a consignment of 60 on their way to Philadelphia from the Studebaker corporation at Syracuse.

They left Syracuse Tuesday afternoon and came by way of Utica, Canajoharie, Sharon Springs and Cobleskill. They will continue via Binghamton.

All of the cars are late models, have been used. They are of standard makes. Though it was stated that they would undoubtedly see military service, it was explained that they had not yet been sold.

The drivers, mostly young men, encountered good roads on the trip, although they were bothered with some tire trouble, because of lack of extra shoes and tubes, and also some engine trouble.

The auto-train will continue on its tour this morning.

Horses.

Have on hand 40 seasoned horses, weighing from 1,000 to 1,500 pounds, prices from \$25 up—anything you want in the horse line. Also two extra good pairs mules. A full line of farm and pleasure wagons always on hand. E. L. Foote, Hobart, N. Y.

For Service.

I have Percheron stallion, Napoleon Bonaparte, registered in the Percheron society of America, which will be at my stables on South side. Lester Green.

If you want a cigar of quality, one that is always dependable, try a Stetson. Sold by all dealers.

Bliss, that tea with the delicious flavor you can't mistake or forget.

BEST IN THE LONG RUN

The World's First Torpedo Failed

ITS inventor, David Bushnell, an American, in 1776 attempted to sink the British warship, Eagle.

Bushnell towing his torpedo, charged with powder, by means of a hand-power semi-submersible, planned to fasten it to the hull of the attacked ship with a steel plunger; then explode it by clock work.

His torpedo—too much of an experiment—failed.

Safeguarding the user against failure, Goodrich never markets an experiment, tires or anything else.

Goodrich Tires, though built with the experience and skill of the oldest and largest rubber factory, are proved out by the practical road travel of Goodrich Test Car Fleets to make them in word and deed—

GOODRICH SERVICE VALUE TIRES

For Goodrich recognizes but one value in tires—their SERVICE VALUE on your car and on the road; one tire value—SERVICE VALUE.

Whatever pounds of rubber and other material go in tires; whatever hours of work and skill, their VALUE to motorists is their SERVICE, in comfort, dependability and durability.

And you are sure to get it if your tires are GOODRICH SILVERTOWN CORDS, or BLACK SAFETY TREADS.

Make sure of economy and security in tires by demanding big, masterful SERVICE VALUE TIRES.

OTSEGO COUNTY NEWS

NEWS AT THE COUNTY SEAT.

Work Upon Mary Imogene Bassett Hospital is Progressing Rapidly.

Coopersstown, June 14.—Work upon the Mary Imogene Bassett hospital is progressing rapidly and it is expected the institution will be ready for the use of the government early in 1919. The hospital was given to the Thanksgiving hospital and accepted by the board of managers in the early part of January, 1916. The donor is Edward S. Clark, who will, in addition to giving the hospital, make up any deficit in the running expenses. The main structure is colonial style of architecture, fireproof, red brick with white trimmings. The floors are supported by iron columns and are constructed of hollow tile and concrete arches. The staircase is of iron, with white marble treads. The partition work is constructed of terra cotta blocks; the spaces between beams in roof will be insulated with flaxium or other insulating material. The building faces the east. The pathological department consists of a laboratory 12x16, a main room of 19x21, and a small office for records, etc.

War Workers Engaged.

Mrs. Arthur Ryerson has announced the engagement of her daughter, Miss Suzanne, to George Patterson of Ann Arbor. The marriage will probably take place this summer. Miss Ryerson has been in France about two years, working until recently in the laboratory department of a French hospital. She is now engaged in cancer work at the front and in nursing. Her duties have several times caused her to be under fire. Mr. Patterson is engaged in U. S. C. A. work abroad after being refused by the American army for some slight disability; since then he has been accepted by the French. Mrs. Ryerson sailed for France the first week in May and is now with her daughter. She has already entered into war service, planning the establishing of a hospital in Spain.

Impressive Service at Christ Church.
This evening, a very impressive service was held in Christ church by Rt. Rev. Richard H. Nelson, D. D., Bishop of Albany, who administered the rite of confirmation to a class of candidates. During the services, a large suit American flag with gold fringe and cord, carried for the first time in choir procession, was dedicated by Bishop Nelson. Harris L. Cooke was the donor of the flag.

Donates Stallions to Government.
Two stallions, Achievement and O'Sullivan, have been donated by F. Ambrose Clark to the government and will be sent to the remount station at Fort Keough, Montana.

Andrew Davidson Scalded.
Andrew Davidson, who was quite badly scalded at the pump house fire of Saturday morning, was able to sit up for a short time Thursday for the first. He was scalded across the chest and abdomen.

Coopersstown Girl Married.
Miss Amy B. Davidson, daughter of Mr. and Mrs. Clarence W. Davidson, and Charles Stiles of Owego were married at 1:30 today in the Presbyterian church by Rev. Edward C. Petrie. The

bride is a graduate of the Coopersstown High school and Elmira college. Mr. Stiles is in the service of the country, being here on a short furlough.

Storm Causes Damage.

The storm of Tuesday evening broke a large limb from a tree near the Methodist Episcopal church and it fell across Chestnut street. Trolley wires were carried down with the tree. In this, James Kiley drove his Ford car, damaging it considerably, though Mr. Kiley and A. C. Johnson, who was riding with him, escaped injury.

S. P. O. A. Elects Officers.

At the annual meeting of the Otsego County Society for the Prevention of Cruelty to Animals, held Tuesday afternoon, the following officers were elected: President, Mrs. Della Thompson Lutes; secretary, William H. Michaels Jr.; treasurer, Mrs. William T. Hyde. Board of directors, Miss Elizabeth G. Patterson, E. A. Stanford and N. P. Willis.

E. S. Clark to Entertain.

Edward Severin Clark has issued invitations to a barn opening and dinner at Fenimore farm Saturday evening. The guests will be the 150 or more workmen employed in constructing the fine stone barn recently completed. The walls are laid partly in

herring bone style and the material was collected upon the Fenimore farm. In addition to the barn, there are two stone silos, a milk house and the butter maker's home.

NATIVE OF GERMANY DEAD.

Henry Umbach, Well Respected Resident of Worcester.

Worcester, June 14.—Henry Umbach died at his home on West Hill Thursday morning, after an illness of several weeks' duration from stomach trouble. The funeral services will be held from the home Saturday afternoon at 2 o'clock.

Mr. Umbach was born in Germany 70 years ago and came to this country in 1883. In the fall of 1887 he returned to Germany and married a native of the home land, returning to Worcester the following winter and has since remained a respected resident and loyal citizen and a prosperous farmer. He affiliated with the Presbyterian church here and his pastor, Rev. W. D. Jones, will conduct the funeral services.

Mr. Umbach is survived by the widow, two daughters, Mrs. Henry Mallory of Decatur and Miss Lella Umbach of East Worcester, and by five sons, Fred and Frank of Worcester, George, a member of the Aviation corps and now at Norfolk, Va., and Harry and Ernest, residing at home. He leaves also one son by a former wife, August, who came to this country a few years ago and went west and whose present address is not known.

DELAWARE COUNTY NEWS

CITED FOR GALDANTRY.

Robert P. Nesbitt of Hobart Praised for Energy and Coolness.

Hobart, June 14.—An official communication from headquarters of the American Expeditionary forces in France to Mrs. S. S. Nesbitt, informs her that her son, Robert P. Nesbitt, was cited by the Division Commander for gallant conduct on March 16. The report says young Nesbitt "worked voluntarily, with great energy and coolness, throughout a severe enemy air raid, in saving property and preventing the spread of fire in an important railroad freight yard."

Death of Mrs. George Sturges.

Mrs. George Sturges died at her home on River street Friday morning at 10:30. She was about 70 years of age. Those who survive her, are her husband, George Sturges; a son, Will Sturges, of Grand George; and Miss Martha Sturges, a trained nurse, who resides at home. The funeral will be held Sunday at 2:30 p. m. at her late home.

To Preach at Hobart.

Rev. Dr. J. H. Robinson of Delhi will preach at the Presbyterian church here Sunday morning at 10:30 o'clock. Sunday school at noon. No evening service.

Personal and Pertinent.

Bailey Foote and James Stevenson, who attend Blair academy, Blairtown, N. J., have returned to their homes here for the summer vacation. Mrs. H. K. Rose was a guest of her daughter, Mrs. C. E. Hanford, Thurs-

day.—Rev. P. St. John Colman of New York was in Hobart Friday and officiated at the funeral of Miss Helen Carner. — Miss Martha Colman, who has been caring for Miss Helen Carner, has gone to Grand George to care for Charles Harley. — Mrs. W. H. Sheffield and Bailey Foote were in Oneonta Friday.

MOSTLY FROM MERIDALE.

Meridale, June 14. — Children's day will be observed in the Presbyterian church Sunday evening, June 16. — Mrs. Harry Carman of Toledo, Ohio, is visiting her brother, Charles Russell and family. — Mr. and Mrs. William Greer visited relatives in Bloomville a few days recently. — The many friends of Miss Jennie Sinclair regret to hear of her illness, which confines her to her bed again. A few months ago Miss Sinclair had the misfortune to fall and sustain a broken hip and had just become able to go out again when she was suddenly taken to her bed again. — F. E. Macafee and family are moving to Delhi. Frank Gates and wife move into the house vacated by them. — Mrs. R. R. Mackey of Oneonta is spending the week with her daughter, Mrs. Harvey Bell. — The switchboard of the Farmers' Exchange Telephone company was moved last week into George Briggs' residence, Mrs. Briggs being the new operator. — Mr. and Mrs. E. S. Bisbee received word the first of the week of the safe arrival of Stanley Gibbs in France. — Mr. and Mrs. Israel May of Davenport Center were pleasant callers in town one day recently.

CULTURE HERE BEFORE 1492

Old America's Pre-Columbian Civilization Came From Egypt? Is Now Question.

Prof. Elliot Smith developed in an extraordinarily interesting manner the thesis that the pre-Columbian civilizations of America—or at least many important features in those civilizations—were not truly aboriginal, but came in a cultural wave from Asia across the Pacific ocean, the original starting point of the most remarkable characteristic being Egypt.

Professor Smith believes, says Science Progress, that the extremely peculiar culture of Egypt was spread eastward by mariners, mainly Phoenicians, for several centuries after B. C. 800. To quote the author's own words, he thinks that "the essential elements of the ancient civilizations of India (the pre-Aryan civilizations), further India, the Malay archipelago, Oceania and America were brought in succession to each of these places by mariners, whose oriental migrations began as trading intercourse between the eastern Mediterranean and India some time after 800 B. C. and that the highly complex and artificial culture which they spread abroad was derived largely from Egypt (not earlier than the twenty-first dynasty), but also included many important accretions from other sources, and that after traversing Asia and Oceania and becoming modified on the way, the stream finally 'continued for many centuries to play upon the Pacific littoral of America, where it was responsible for planting the germs of the remarkable pre-Columbian civilization.'"

PUT UNDER WAR DISCIPLINE

Mother's Ingenious Scheme to Secure Respectful Attention From Her Small Boy.

There are small boys who are not very prompt to mind their mothers or who do not give their elders a respectful amount of attention when receiving orders. Yet some of them can be disciplined according to the methods used by an alert mother to whom the war gave the idea.

No longer is she simply mother; she is, indeed, a person of far more importance to her militant young son—she's Captain Mother! Her imaginative boy is Private Billie, and, as he prides himself upon being a good soldier, you can guess that few of the captain's orders are ignored. Consequently, not only Billie's obedience is a thing to be proud of, but his comprehension and remembrance of orders given are greatly improved, for the captain has told him that he must stand at attention and salute when his name is spoken by a superior officer and that no orders will be given until Private Billie's eyes are fastened upon the captain's with undivided interest.

At the end of the week the private's record is reviewed, not only by the captain but by the family army's chief of staff—father. If the record is approved the captain threads a little metal button upon a ribbon, and, behold! Private Billie receives a decoration for his loyal service to the household and to his superiors. You can readily see how this war play makes obedience a wonderfully fascinating game and disciplines the lad beautifully at the same time.

ICE CREAM REAL FOOD.

Furnishes a Pleasant and Profitable Way of Using More Milk.

Ice cream is a real food and not a delicacy only, says the state college of agriculture in calling attention to the fact that serving ice cream is one way in which people may respond to the appeal to use more milk.

As a dessert it is free, point out the food experts, from the heaviness of some puddings and pastries and in nutrition is the equal of many foods considered as staple articles of diet.

One quart of ice cream, of required standard, on an energy basis equals 8.75 pounds of strawberries, 5.11 pounds of bananas, 6.96 pound of apples, 1 1/2 pounds round steak and 1 1/2 dozen eggs.

Give the children plenty of ice cream, advises the State Agricultural college, but be sure it is pure ice cream. Many families have their own freezers and use ice cream often as dessert. Its cost is no greater than pie and cake, it furnishes nourishment and helps dispose of the abundant supply of milk now available.

Conversion of Liberty Bonds.

The Wilber National bank will receive from its friends and customers Liberty bonds of the first and second issues for conversion, if desired, into 4 1/2 % bonds. This privilege of conversion will be effective about July 1st and it is hoped that those wishing to make the change will present their bonds at this bank as soon as possible. This bank makes no charge for its services.

"I want satisfaction, said a much-taxed citizen yesterday. He went forthwith and bought a Stetson cigar and found what he sought. Try the same method and you will never be disappointed."

A TEACHER OF "NEW THOUGHT"

Believes "FRUIT-A-TIVES" Highest Result of "New Thought" in Medicine.

MR. A. A. YOUNG

"I am not in the habit of praising any material medicine as I am an advocate of New Thought (akin to Christian Science) but some time ago, I had such a bad attack of Liver and Stomach Trouble that I gave up thinking I did not have it, and took a natural medicine, 'Fruit-a-tives' or Fruit Liver Tablets.

Most gratifying was the result. It relieved my liver and stomach trouble, cleaned up my yellowish complexion and put new blood in my body.

While I am no backslider from 'New Thought', I feel there may be times when a help to nature may be necessary; and if so, I believe that 'Fruit-a-tives' is the highest result of New Thought in medicine."

A. A. YOUNG, Schenectady, N. Y. 50c. a box, 6 for \$2.50, trial size 25c. At dealers or from FRUIT-A-TIVES Limited OGDENSBURG, N. Y.

POLITICAL ADVERTISING.

CANDIDACY ANNOUNCED.

J. Clark Nesbitt of Bloomville, Candidate for Assembly to Succeed Himself.

To the Voters of Delaware County. In the year 1917, for the first time in the history of the state, the agricultural interests in the county of Delaware, represented by the Grange, Dairyman's league and Farm bureau, demanded that a farmer represent Delaware county in the state legislature.

Pursuant to such demand, I was selected as the standard bearer, not by any political party, but by the farmers, and all political parties were asked to join in the movement and my name was submitted to the voters in the primaries of both the great political parties as a candidate for member of assembly.

I was nominated by the farmer vote of the county and also elected by the farmer vote irrespective of party or politics and served them to the best of my ability during the past year, being registered as an Independent in the legislative hall of the state of New York, not sitting in the party caucus of any political party.

My term of office has nearly expired and it is again the duty of the voters to elect a candidate for this important office.

The Pomona Grange, in session at Franklin, Delaware county, N. Y., June 13th, 1918, passed the following resolution urging my candidacy:

"Whereas J. Clark Nesbitt, our member of assembly, performed his duty at the last session of the legislature in an efficient manner and to the entire satisfaction and interest of the farmers in Delaware county.

Therefore, Be it resolved, That we, the members of Delaware county Pomona grange, now assembled in Franklin, June 12th, 1918, having last year through our committee urged his candidacy and election and realizing that custom and his experience entitles him to a second term, hereby earnestly appeal to the voters of the county, irrespective of party, that they give him their loyal support, that the farmers' movement, inaugurated last year in this county by this order, may be successfully continued, and the best interest of the farmers of Delaware county conserved by returning to the legislature a man of life long experience as an intensive farmer and a year's experience in the legislature."

From a patriotic standpoint the importance of agriculture to the state and nation is now only second to the bearing of arms in the open field, and realizing that the custom of the past entitles a member to re-election, I hereby announce my candidacy for member of assembly to succeed myself and request all political parties to submit my name in the coming primary as a candidate for member of assembly, as was done last year, and I hereby pledge myself to faithfully serve the voters of Delaware county, regardless of party or party affiliations, if elected.

Yours respectfully,

J. CLARK NESBITT.

Bloomville, N. Y., June 13, 1918.

Eldred Reunion.

The annual reunion of the Eldred family will be held Saturday, June 29, at Neah-wa park, Oneonta. All related by blood or marriage are cordially invited. Bring dishes and refreshments. No cards sent. Burton Eldred, president; Bessie H. Dyer, secretary and treasurer.

Making Money With Milk

MILK costs more these days and is worth more. Every cent added to its value makes it that much more important to properly care for and protect it. It is both financial and criminal negligence to lose a single quart through improper care.

Likewise every cent cut from its cost is that much more money made.

A good milk house, as a sanitary and time-saving convenience, is a good investment. It costs little. And if built of

WHITE PINE

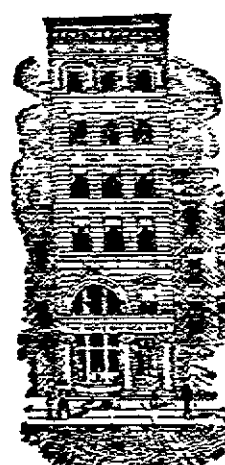

it will last indefinitely. White Pine is the best of all woods for outside uses because it does not warp, twist, split or rot even after years of exposure. Every joint holds tight.

We have plans, specifications and bill of materials for the above Milk House—or for any other type of farm building—free on request of us, together with our estimate of the cost.

Every labor-saving convenience is justifiable war expense. And lumber, in terms of farm produce, was never cheaper. See us and let us prove it.

Twelve Tire Tests No. 10

This series of twelve tests is designed to take the uncertainty out of tire buying.

Experience

IN previous talks we have shown you that the durability of a tire depends on the quantity and quality of the materials used; and we have already shown you how to determine the quantity. But you cannot gauge the quality of rubber and fabric in a tire simply by looking at it. You must be guided by the experience and reputation of the tire maker.

The world's first pneumatic automobile tire and tube were made by Michelin back in

1895. Since that time the House of Michelin (founded 1832) has concentrated on the production of pneumatic tires only, and today has factories in the United States, France, England and Italy, with selling branches in every corner of the world. Thus the scientific brains of the entire globe have been and are at Michelin's disposal. More and Better Materials is the Michelin watchword. Yet Michelin Tires are not high priced.

1895. LOCALITY OF INTEREST.

When We Bid Them Farewell.

The Star, which yesterday morning embraced the opportunity of welcoming through its columns the Commercial Travelers of the State of New York to our city, ventures a further word today in anticipation of bidding them farewell. As yet they are with us and will be until a late hour this afternoon, and it is our hope that every hour will be our for them and the members of their families crowded as much with enjoyment as it has been for the citizens of Oneonta. No finer aggregation of visitors ever gathered in our city.

Never before has the U. C. T. convention been held in Oneonta. It is our hope, however, that it will not be the last time when it will assemble here. But, whether they come as a collective body, as this week, or individually in the pursuit of their regular business, they will be welcomed. The latch-string will always be out, and the key to the city they already have.

Enrollment in Townships.

The attention of women residing in the townships outside the city of Oneonta in which The Star circulates is called to the fact that today is the last day for enrollment as voters at the September primary elections. If they do not desire to affiliate with any party, then this fact will possibly be of no interest to them. But if it is the wish of any woman to take part not merely in the election of local, county, district, state and national officials, but also in the selection of candidates, they should enroll in some party. There is no other way by which their wishes concerning the names to go upon the ballot can effectively be made known.

In the city of Oneonta, where personal enrollment was required, and was made some time ago, this article will not apply. But in every township either in this or any other county outside the city, it is of importance. If any woman has overlooked the matter in the Otsego and Delaware townships, she may if she desires take advantage of the last chance which today offers.

Interest on Liberty Loan.

The interest on many Liberty Loan bonds falls due today. If the holder of the bond desires to do so, he or she can detach the coupon and obtain the money, but it is suggested that a far better way would be to use it, if the sum is small, in the purchase of Thrift or War Savings Stamps. In these strenuous days it is a good thing not to ask money of Uncle Sam unless it absolutely is necessary. In the country at large the coupons will amount to many tens of millions of dollars. The money taken from the treasury now means only so much more in bonds to be raised later.

Why not buy the stamps and let the government keep the money? It is a safe investment and it will be a patriotic act.

Boys on the Farms.

The farmers of the state of New York are coming, even if somewhat slowly, to realize the value of boys on the farms. Only the other day a farmer in southeastern New York, writing to the Boys' Working Festival of the State Food commission, said of a farm cadet employed by him: "He is worth more money than he is getting and I am going to see that he gets it." Though fresh from city schools the boys either from experience a year ago or from talking with those who came to the country then, or with the bureau authorities, are coming to the country with a good idea of what will be required of them. The farmers who employed them last year are spreading abroad knowledge of how well they work in, and the encourage others to make the same experiment.

The schools of Oneonta and elsewhere in the state will practically all be closed in another week or two. There doubtless are many boys who have it in their minds to do at home and who would be glad for a portion of the vacation at least to help in the war by helping the farmer. Why shouldn't the farmer try them out?

Delaware Sheep Growers to Meet.

There will be an all day meeting of the Delaware County Sheep Growers' association at the home of its president, Arthur W. North, Walton, on Thursday, June 20, commencing at 10:00 a. m. Lunch will be served. In the afternoon there will be a talk by Prof. Mark J. Smith of Cornell University. Prof. Smith is a sheep specialist and has the present wool adviser in hand. He will be able to clear up a great many points that are in the minds of many sheepmen at this time and may be able to give some helpful information on the marketing and the grading of wool. The ladies are especially invited. Everyone, at all interested in sheep, should be present.

COMMENTS OF THE PRESS

The Safest Plan.

In order to be sure that he obeys the rule about eating only a third as much wheat as under normal conditions, the real patriot went out that much.—[Cleveland Plain Dealer.]

A Vanished Monopoly.

The day of German monopoly of any vital product is forever past. There will be trade with Germany after the war, but only such as the Allied nations elect to permit.—[New York Express.]

The Boy Scouts of Italy.

It is a fine thing which the Boy Scouts of Italy have done in equipping themselves to defend the women of their country against an enemy who does not fight fairly.—[Buffalo Commercial.]

Fewer Vice-Presidents.

Having found how easily the railroads can get along without their high-salaried presidents, General Manager McAdoo is tempted to see how much can be saved by cutting down the vice presidents.—[Buffalo Courier.]

More Girth to Blacksmiths.

Ohio blacksmiths are reported to be fiercer and larger this season than in any year since the Civil War, and the farmers claim that it was a sign of victory then. More girth to the blacksmiths!—[Springfield Republican.]

As of Yore.

Perhaps, if all the registered nurses go overseas to serve in the Red Cross hospitals, the motherly practical nurse, who doted one with catnip, bonnet and corset will return to the place she formerly occupied in the sick room.—[Utica Observer.]

Our Soldiers After the War.

A man of vision, Secretary Lane foresees our soldiers coming home from the war eager for outdoor employment. The "era of transcendental railway construction" is past; but not the era of reconstruction, which should be beginning. Home-land Act lands are almost exhausted. In that situation the nation should turn to intensive agriculture and the reclamation of swamp, cutover and irrigable lands. It is a wise plan; it is not too soon to begin planning. True, all eyes are on the war. But this is war work.—[New York World.]

Not a Pennsylvania Idea.

President Wilson's idea that "the election will go to those who think the least of it" wasn't invented in Pennsylvania.—[Philadelphia Press.]

Effect of Camp Life.

Percy Noodles writes in that he has got so fat since he joined the army he has to wear his wrist-watch on his thumb.—[Dallas News.]

The German Show.

The Germans are conducting the big show in the main tent—not wholly to their advantage—but they are meanwhile suffering severely in small engagements. The Americans alone must now have at different points well toward 1,000 prisoners; the French took 1,000 in their first big counter-attack; the Australians have a fine mess in a "quiet sector." German man-power is being wasted both at the spit and the bung.—[New York World.]

Their Fears for Prayer.

Germany is being officially encouraged to shed tears of wrath over the fate of Prager. Also there is rumor of an official protest. The Prager lynching was an isolated act of violence, reprobated by every one, and upon its perpetrators our government sought to visit punishment by every resource of law. But it would be idle to attempt to present these facts to the Prussian mind. The resources of hypocrisy and self-deception possessed by Kultur are boundless. It is right and noble for the German to rape and murder Belgian and French subjects wholesale—or starve and maltreat British and Russian prisoners—or bomb Allied hospitals—or murder American women and children at sea—in violation of every law, human or divine. But it is despicable treachery for one German to be killed by a foreign mob. The German delusion of virtue is equal to his delusion of grandeur.—[New York Tribune.]

Potato Spraying Demonstrations.

The Delaware County Farm Bureau is planning a series of potato spraying demonstrations in the different parts of the county. Potato blight causes a very large annual loss and can be controlled almost entirely by proper spraying. Some of the experiment stations have shown very marked results where plots have been sprayed in comparison with those unsprayed. For instance, Virginia showed 155 bushels where sprayed and 10 bushels where unsprayed; Vermont, 260 bushels and 130 bushels; Maine, 200 bushels and 110 bushels; New York, 274 bushels and 145 bushels. These figures show some of the savings that can be made by spraying, and at a comparatively small cost. One-fourth point of 1% of the value of four pounds of lime, and when there are bugs and one-half pounds of powdered arsenate of lead are required to spray an acre. Many of the farmers are putting their orders and buying co-operatively, and are saving a good margin. Everyone who has potatoes, however, small a piece it may be, if he does not already understand spraying, should attend one of these meetings, or should write the Farm Bureau for specific directions. The potato crop should be insured.

Operated on for Appendicitis.

Mrs. Newton Burton of Unadilla was operated on June 12, at the Warren sanatorium, for relief of appendicitis. The operation was performed by Dr. Frankman, assisted by Dr. White of Unadilla.

ONEONTA PUBLIC LIBRARY.

War Books—New Fiction and Other Works of General Interest.

An attractive list of new books just received at the library:
New war books to keep us in touch with the war's various phases. In the Fourth Year of the War, by H. G. Wells; The A. E. F. With General Pershing and the American Forces, by Haywood Brown; S. O. S. Stand To, or Reginald of the First Canadian division; The Little Grandmother of the Russian Revolution, by Catherine Breshkovsky; Over There with the Australians, by Captain Hugh Knicker; The War and the Coming Peace, by Morris Jastrow; Bullets and Banners, by Bruce Bairnsfather. This rollicking book is dedicated to "my old pals who have set in the mud with me." Where do you stand? by Hermann Hagedorn. An appeal to Americans of German origin; World Peace, a written debate between William Howard Taft and William Jennings Bryan; To Baghdad with the British, by A. T. Clark; The Earthquake, by Arthur Train; War Nursing, by Minnie Goodnow, a war nurse in France; Rascals' Cartoon History of the War, volume 1.
Among the new novels are: The Pretty Lady, by Arnold Bennett; The Holy City, Jerusalem II, by Selma Lagerloef; The Boardman Family, by Mary S. Watts; Flood Tide, by Daniel Chase; The Graftons, by Archibald Marshall.
Other books are: The Woman Voter's Manual, Foster on Auction, Braithwaite's Anthology of Magazine Verse for 1917, The Atlantic Classics, Second series. A collection of some of the best essays reprinted from the Atlantic Monthly for 1917.

ELM PARK CHURCH DEDICATION

Bishop Berry Will Preach at Service on Tuesday, July 9.

The new Elm Park Methodist Episcopal church will be dedicated on Tuesday, July 9. Bishop Joseph E. Berry will preach in the morning, and a platform meeting will be held in the afternoon, to be addressed by well-known speakers, with Rev. B. M. Johns in charge. In the evening the Bishop will deliver one of his popular lectures.
On Wednesday evening there will be preaching services, at which it is hoped Rev. E. Austin will be the speaker. On Thursday evening, the district superintendent, Rev. James A. Hensley will lecture, his subject being "The Yosemite Valley."
On Friday evening a banquet will be given by the Ladies' Aid society. It is hoped the public will bear this date in mind, for a most cordial invitation is extended to all.
The complete program will be announced later.

LOCAL MENTION

The Red Cross rooms will be closed today.

Articles which were left at the armory yesterday may be had by applying at Reynolds' Book store.

Those who have borrowed aprons from the Red Cross are requested to return them as soon as possible.

The D. & H. pay car is paying shop employees this morning and will continue to Cooperstown, Cobleskill and Cherry Valley later in the day.

Announcement is made the Elks will hold open house this evening with refreshments for members' visiting Elks and Commercial Travelers, who may remain in the city.

"The Mocking Bird" sings at the Normal school next Tuesday evening. The seats go on sale this morning at the bookstore of Henry Saunders. All seats reserved and at one price, 35 cents.

In referring to the O'Connell-Clough wedding in yesterday's issue, mention was omitted that Miss Sophia Gertrude Quick, a namesake of the bride, residing in Ithaca, was the flower girl.

Mr. and Mrs. J. C. Carr entertained the local members of the Order Golden Seal after the regular meeting last evening at their residence on Academy street. Appetizing refreshments were served and the evening passed very pleasantly for all.

The Red Cross last night expressed its deepest thanks for the gift of \$100 made to it by the United Commercial Travelers at their session yesterday morning. It also was thankful for the \$35 collected at Wilber park through the efforts of the Syracuse council of the U. C. T., who went around asking people to throw money into a large service flag.

NORMAN BACCALAUREATE

At Assembly Hall Sunday Afternoon at 3 O'clock.

The baccalaureate services of the Oneonta State Normal school, to which the public is invited, will be held Sunday afternoon at 3 o'clock at the assembly hall. Following is the program: Processional—Praise Ye the Father (Gounod). School chorus. Scripture-Reading, Rev. Charles S. Fendleton, D. D. Aria—*I Will Extol Thee*, from *ELI* (Costa). Miss Gageon. Prayer, Rev. James C. Russell, D. D. Anthem—*Lift Up Your Heads* (Hopkins). School chorus. Sermon, Rev. William M. Lawrence, D. D., Professor of Christian Ethics, Colgate university. Hymn—*The Nation*. Benediction.

Meetings Sunday

All members of Perseverance lodge, No. 96, L. A. to B. of R. T., are requested to meet at Maccabee hall Sunday evening, June 16, at 7 o'clock, to attend the joint memorial services at this First Presbyterian church. By order of president.

Regular meeting Chapman division, No. 43, O. R. C., Sunday afternoon, at 2:30. Secretary.

Woman's Club

A special meeting of the club will be held this evening at 8 o'clock. The treasurer will be present to receive dues, also the treasurer's annual report will be given.

Ball Team Going to Walton

Oneonta baseball team will journey to Walton today and will endeavor to add another victory to their five straight.

The German Gun That Shoots 75 Miles doesn't amount to much, but look out for the German gun that shoots 3,000 miles. It has nearly ruined Russia; it has done a lot of damage to Italy; and is now pounding away at South America and Mexico. It has been shooting a lot of poison shells into this country. It is a noiseless gun that shoots lies and intrigue among ignorant and dissatisfied people, to create unrest and opposition to the war. It is more dangerous than German bayonets and soldiers, but it should not count in Oneonta, where people have been shown how to avoid ignorance and unrest, by working together to help each other, accumulating small amounts to getting; loaning money to each other; dividing all profits with each other; thus accumulating several million dollars for homes, farms, old men, sickness or loss of a job, through the safe six per cent compound interest system of the Oneonta Building and Loan association, which is protected by state laws, same as savings banks.

SALESMEN JOIN FLAG DAY PARADE

Commercial Travelers Send Message Pledging Hearty Support to President Wilson

NEXT YEAR AT SYRACUSE

Hearty Greetings Extended By Mayor Ceperley, Pres. Smith and Senior Counselor Tinker

At the business session yesterday morning Supreme Representative R. S. Tucker of Columbus, Ohio, was introduced and made a brief but inspiring address. Mr. Tucker spoke with much feeling when he made reference to the war and how the Commercial Travelers were giving their energies to the prosecution of the war work and spreading the spirit of loyalty from town to town.

Supreme Auditor Charles A. Hebard, also of Columbus, Ohio, was introduced and spoke on the "good of the order" and placed special emphasis upon the importance of each member playing fair with their organization in the presentation of claims for illness or injuries.

Under unfinished business taken up and considered Grand Secretary Walter M. Winn of Ohio reported a membership of 4,924, a gain of 151 over last year. Despite the fact that 167 are in the federal service, this gain seems decidedly creditable. Were the members not affected by enlistment the gain would naturally be over 300. A resolution was presented and adopted amidst great enthusiasm requesting the Grand Counselor to write a personal letter to every member of the order now in the federal service and that such letter should convey the confidence of the men at home in the boys at the front.

Message to President

After this resolution had been disposed of there were several patriotic addresses given in which the sentiments expressed showed plainly that the Commercial Travelers are behind the government and the President in these trying days. A committee consisting of E. Van Nostitz of Binghamton, Grand Page Arthur Shafer of Albany and Past Grand Counselor W. A. Papworth of Syracuse presented the following, which was wired to President Wilson:

"The Grand Council of New York of the United Commercial Travelers of America in session at Oneonta, N. Y., are in perfect accord with you in our fight for democracy, and pledge our undivided support.

"W. G. George, Grand Counselor." Upon resolution of J. E. Lewis of Watertown, which was quickly adopted, it was voted to appropriate \$100

J. E. Lewis.

from the Grand Council to the Red Cross. Mr. Lewis also offered a resolution which was enthusiastically adopted appropriating \$100 to the Oneonta War Chest.

George Barker of Buffalo council, No. 7, was appointed a committee from the Grand Council of New York to act in conjunction with J. V. Fleckenstein of Iowa, Mich., representing the Northwest, in an effort to get Director General of Railroads McAdoo to issue uniform mileage books of from 5,000 to 10,000 miles, good on all railroads under federal control, and to be sold to Commercial Travelers only at a reduced rate.

City's Greetings Extended

At 11 o'clock an open session was held, at which H. Spencer Rowe, chairman of the general committee in charge of the convention, presided. Music by the Worcester band was followed by the singing of America and good singers the delegates and their ladies proved to be, the hall being made to echo and re-echo with its strains.

Mr. Rowe made a brief address in which he voiced the pleasure it has afforded Oneonta council and its citizens co-operating in arranging for the convention. He took occasion to thank the various chairmen of the sub-committees for the loyal aid accorded, after which he presented Mayor Andrew E. Ceperley as his "neighbor and friend."

Mayor Ceperley, who motored back from the Mayor's conference at Newburgh, after attending a dinner given at Bear Mountain and an exhibition drill at West Point in the afternoon of Thursday, riding much of the night to be present at the session, spoke in a humorous vein. He said that he never felt more keenly how words fail to express the kindly feelings and good wishes one would convey as on this occasion. He hurried back he said not because he felt that he could better express the welcome of the city but because of an earnest desire to voice it. We have looked forward to this event, said he, and we want you to enjoy your stay and carry away with

ELKS OBSERVE FLAG DAY

Conduct Ritual Service with Special Musical Numbers

Last evening the Oneonta Elks held the usual Flag day exercises of the order at the lodge rooms, which were prettily decorated with national colors for the event and with a large throng in attendance, including many of the visiting Commercial Travelers, not a few of whom have found the rooms an attractive place during the convention. The impressive flag service of the order was given with H. W. Fuhner acting as exalted ruler in the absence of Fred N. VanVie, who is in Clifton Springs with Mrs. VanVie.

Interpersed in the program were some very pleasing musical numbers, notable among which were two numbers contributed by Misses Cecil and Helen Hunt, daughters of Mr. and Mrs. R. W. Hunt of Grove street. They gave an instrumental duet, using the piano and violin, respectively, and later in the evening sang a duet, evidencing unusual skill in both numbers and delighting all. Other numbers, all of which were praiseworthy, were a song by the Elks Quartet, "Nearer, My God, to Thee," solos by Byron Chesebro and Arthur Wheeler, Miss Childs was the capable accompanist. The gathering also united heartily in singing several patriotic hymns. Afterward a buffet luncheon was served.

TWO ACCIDENTALLY SHOT

Guy B. Fay Struck in Shoulder, Harry Scott in Finger, by Revolver Bullet

When Harry Scott of Columbia street picked up an old .32 calibre revolver in the accommodation store of Guy B. Fay on Main street Thursday, he accidentally pulled the trigger, releasing a bullet that struck against the first knuckle of the index finger on his right hand, and grazed the fleshy part of Mr. Fay's left shoulder. The shot penetrated to the bone of the proprietor. Both were attended by Dr. L. S. Lang, and were able to go to their homes.

According to the story told by Fay, the revolver had been left in the store some days ago unknown to him by a woman who wanted to exchange it for something else. The first he knew that the boy had picked up the firearm, says Mr. Fay, was when he heard the report of the cartridge exploding and felt the missile strike him. The woman had found the revolver under a mattress in her home when she was cleaning and not caring to have a loaded gun in her possession, had approached the dealer in secondhand goods to have him give her something in trade for it. He agreed and told her to bring it to his place of business.

Salvation Army Meetings

Street meeting tonight at 7:30, inside at 8. Sunday school at 2 p. m. Y. P. L. at 6 p. m.; open air at 7:30 p. m.; inside at 8. Capt. Grace Bennett, who is home from New York on furlough, will have charge of the Sunday evening meeting. All are welcome.

Births

Born, June 14, at the Wanda sanatorium, to Mr. and Mrs. Harold Barnes of Oneonta, a 7½ pound son, Harold Stewart Barnes. Mother and son are doing nicely.

EVERYBODY ALWAYS LIKES IT

ANNUAL ENTERTAINMENT BY NORMAL GRADE PUPILS.

Assembly Hall Crowded Last Evening to Witness First Exercises of Commencement Week—Music and Patriotic Features of Program—Symbolic Dances—Diplomas Presented.

Always the opening program of commencement week—that given by the pupils of the Primary and Intermediate departments—equals if not surpasses as a drawing card more pretentious performances later on; and always the big auditorium of the Normal building is crowded from stage to door with the parents of the pupils and by other patrons and friends of the school. Last night was no exception to the general statement.

Long before the exercises began every seat was taken, and the close attention and hearty applause which were accorded set the stamp of unanimous approval on every number.

Following a brief introductory address by Prof. Lynch, the Primary program was presented. This year it was a dainty little fairy story, Grimm's "Flora and Yornigal," adapted to the stage and set to music suited for young voices. A piece of the story was given in The Star yesterday morning, but what no abstract statement could do was to reproduce to one merely a reader the charm of the music, the dainty grace of the fairies, or the melody of the solos, part songs and choruses. Dorothy Reynolds of Florida and Vesta Chamberlain as her brother Yornigal delighted everybody with their singing and acting; but this was equally true of Helen Potter as Fortuna, of the fairy queen, of Ethel Barber as Vesta, Queen of the Witches, and of the two score or more of little lads and lasses who composed the chorus. In fact, the fine little opera was in every feature most worthily presented.

The second part of the program of the evening was by the pupils of the Intermediate grades. Beginning with two excellent musical numbers by the chorus, the first part of the Intermediate program was intensely patriotic in its nature. Rupert Beisel gave a thrilling recitation, "The Son of a Hero," in which an early episode in the life of General Pershing was vividly portrayed. Kenneth Shaw, standing in front of a large service flag with seventy stars for graduates of the Normal now in service, stirred all hearts with "The Flowering," and Mary Morris paid in "Qui Vive," a splendid tribute to the flag of France. Interspersing the recitations were admirably rendered vocal solos—"Knitting," by Helen Capron, and "Your Flag and My Flag," by Dorothy Danforth, and at the close there was a medley of popular patriotic songs by the chorus.

The second part of the Intermediate program consisted of a series of dances typical of various races—an Indian dance and a strenuous Norse "Oxgarden" by the boys, and an English Morris dance, the French Tournade, a Dutch dance of the Wooden shoes, and a lively Italian Tarantella by the girls. The closing number was an American dance—the Virginia reel, rendered with a grace and charm of movement, which brought to mind the storied dances of the Old Regime.

Great credit is due to Miss Pettit, superintendent of the Primary department, and Miss Gee, superintendent of the Intermediate, for the excellent work done under their supervision, and to Miss Love, who had trained the pupils in the dances, and to Miss Noyes, who drilled the pupils in recitation, and to the Misses Roberts and Allyn, who were the accompanists.

Following the exercises, the diplomas were presented and the big entertainment by the little folks was over. The graduates were as follows:

Primary Graduates—Stephen Alger, Ethel Barber, Helen Beers, Irene Brand, Marion Brooks, Evelyn Caine, Virginia Canfield, Ruth Driggs, Joseph Branigan, Norman Busfield, Walter Butts, Lawrence Foley, Lowell Gordon, Christopher Heiselman, Harold Keen, Charles Lauren, Frank Layman, Robert Livingston, Lena Miller, Alice Myers, Paul Nargson, Marion Newell, Alice Orent, Dorothy Page, Helen Potter, Gladys Raymond, Clifford Slade, Harry Sloat, Albert Vallee, Marion Wilder, Clifford Wiggins, George Yagel, Herbert Young, Allan Zindig.

Eighth Grade—Nina Barnes, Ruth Barrell, Margaret Becker, Rupert Beisel, Allan Bishop, Robert Briggs, Mildred Cain, Helen Capron, Marguerite Cooke, Dorothy Danforth, Claribel Eldred, Floyd Griffin, Kathryn Hagans, John Hottaung, Mrs. Lewis, Mary Morris, Pauline Oulmette, Harold Seeger, Kenneth Shaw, Wilfred Sheehan, Helen Yagel, S. J. Youmans.

* Completed grade work in January.

Liberal Contributions.
The members of the Syracuse delegation yesterday took a service flag and passed through the crowd at Walber park, asking contributions to the Red Cross of Oneonta. Dollars, halves and quarters were taken in besides smaller sums and \$55 was realized. This is in addition to the \$100 to the local Red Cross and \$50 each to the Y. M. C. A. and K. of C. voted in session Friday morning by the State association.

On Thursday evening after the Salvation army service on the street, members of the order took the "ram-boulet" from the war and passed them about the Oneonta hotel lobby and elsewhere among the visitors and \$50 was secured for that organization, much to the satisfaction of its officers.

Death at Westville.
Westville, June 14.—Mrs. P. H. Michaels, a well-known and much respected resident of this place, died at her home here yesterday morning, aged 75 years. She is survived by her husband and six children, A. Michaels, Worcester; Will Michaels, Duncatur; Howard Michaels, Oneonta; Mrs. John Tubbs, Mrs. Clara Morrison, Cooperstown; Mrs. Louis Thayer, Westville; and several grandchildren. The funeral services will be held Saturday at 2 p. m., Rev. N. B. Ripley will officiate. Burial in Westville cemetery.

Picnic July 3 in Ne-ah-wa Park.
The Woman's Missionary society of the United Presbyterian church will entertain the Junior Missionary society and their mothers at a picnic in Ne-ah-wa park July 3.

advt 4c

FIVE TO ENTER TRAINING.

Local Board Will Move Offices to Post Office Building.

Five men will leave this morning to go to Albany to commence training along technical lines at the Albany State Normal college for service with the American forces abroad. They have been inducted into this branch of the service through the Local Board. They are: Harry L. Perry, Harry V. Root, Harry Taylor, Martin F. Slater and Joseph McCarthy.

Upon the conclusion of an arrangement with the federal authorities, the Local Board has decided to move its offices to the post office building on Main street in the suite set apart for the department of justice. These rooms make excellent, light offices, with up-to-date furnishings, and are very convenient for the purposes of the Board. It is expected that the Board will be in the new offices by June 24.

Death at Westville.

SCIENTIFIC STERLING

The Complete Service Range For Gas or Coal

This is a woman's range in every sense, a woman designed it. It is not a mere "combination," but far more—a complete cooking range all in one compact body.

It has but one oven, which bakes equally well with gas or coal. And because it is "scientifically" built, it takes less gas and less coal to do its work than any one-fuel range you ever saw.

You can cook, broil and bake equally well with gas or coal. The "Scientific Sterling" and it takes up no more room in your kitchen than the ordinary one-fuel range.

The "Scientific Sterling" is backed by our "Guarantee Bond" which makes your satisfaction certain.

This word is sufficient: You will not allow this event to pass by unnoticed.

SALESMEN JOIN FLAG DAY PARADE

(Concluded from Page Five.)

create that wholesome public sentiment and patriotic enthusiasm which the country must have. You are weaving in your work that scarlet thread which is evidence of quality and service. He then called upon Secretary Westervelt to produce the key to the city which was presented and received in a few well chosen words by Grand Counselor George.

Hon. Charles Smith, president of the Chamber of Commerce, who traveled for some 18 years, extended greetings in behalf of the commercial interests of the city by whom the services of the men gathered here are perhaps most fully appreciated. After some allusions at the expense of the mayor and Mr. Rowe the speaker remarked that it is a pleasure to greet the visitors. Despite adverse conditions outside, the sunshine in your heart is cheery and we welcome you. Traveling men, who succeed in every period, said he, are those who are honest and earnest and he decried any implication that home ties are not as fully appreciated by the traveling salesman as by others. They are away much of the time and when thrown together must be cordial and good fellowship must prevail.

I know your coming is welcomed in the cities and villages which you visit for you not only have the glad hand and the cheerful smile but you scatter information and give intelligence of the commercial world which the merchants need. You give and get ideas and the associations are helpful to each and all. We welcome you and extend the freedom of the city in all good things, hoping that your stay will be enjoyable and that you will ever cherish pleasant recollections of the visit here.

Secretary Westervelt was called upon at the request of the grand officers and he responded in his usually spirited vein, assuring the visitors that it had been a pleasure to work for the success of the convention, declaring that he had heard it true that he profits most who serves best.

Senior Counselor E. D. Tucker of the local council was the last to add his word of greetings, speaking in behalf of the resident members, who he said had anticipated the day. We consider it a honor to entertain this Grand Council. Some of our members have laid aside the gun for the musket and we cheerfully are doing our part to sustain and support them. Our committees have worked faithfully for the success of this event and we are much indebted to President Smith and Secretary Westervelt.

Grand Counselor George of Albany, who has proven most capable and efficient as presiding officer reported. We had heard of the beauty of your city and of the hospitality of your people and we are heartily glad to have come and proved it all true. You have a clean city and you have done even more than we could have expected for our pleasure and enjoyment and we shall anticipate at some distant date a return visit to Oneonta.

Presentation of Flag.

Following the response by Grand Counselor George, Supreme Attorney John A. Miller, of Columbus, Ohio, was announced and he in a choice address presented to the Long Island Council, No. 556, a handsome silk

flag, that council having made the largest gain in membership during the year. The flag was received by Alvin Johnson, the representative at the convention. It being borne into the room following the singing of "Columbia, the Gem of the Ocean," by representatives of Oneonta, Oneonta and Ulica, the close contestants for the honor.

Mr. Mulliner in his presentation spoke in part as follows:

"I have been designated by the Grand Council to present to the members of Long Island Council an American flag. It is their reward for their efforts which culminated in their council making the greatest percentage gain in membership of any council of this jurisdiction. To you, as you stand here, it primarily represents a prize or reward for the efforts put forth by the members of your council. To one and to all of us here assembled, it is symbolic as the emblem of the greatest nation on God's green earth. No flag has ever waved over the people of a nation that has done so much and accomplished so much good for humanity and mankind. It is the flag of no king, no czar, no kaiser, but the flag of a great democracy composed of free people. It stands for right against might, for freedom against slavery, and for the privilege of small nations to self government, without molestation from other more powerful nations. Look at it, boys! There is no snow so white, no heavenly skies so blue, and the blood which flows through the veins of every true American is of the same hue as the red in its stripes, and every patriotic American would rather see his life blood ebb away than see that flag besmudged. Time and weather may fade its color, its stars may become dimmed, but the principles for which it stands will never become dimmed. It was the flag of our forefathers. It is your flag. It is my flag. It is the flag of our children and their children to come. It is the ensign of liberty, unshattered and unstained, which has never been lowered to any foe, and it will never be as long as an American is able to fire a gun. It is the emblem of freedom, an inspiration to humanity the world over."

Service Flag for Council.

Past Grand Counselor Selfridge of Syracuse was next announced, who as donor presented the Grand Council with a handsome service flag with 167 stars representing the number of members who have joined the colors and either are at the front or in cantonments in this country. He paid a glowing tribute to the men who have entered the service and that we can render service to three noble causes—to our God, our country and humanity. Mr. George accepted the flag with the sincere thanks of the council.

Invitation From Syracuse.

Before adjournment Grand Counselor George announced that Mayor Walter R. Stone of Syracuse had arrived and he was presented to the gathering by J. H. Mancel, Senior Counselor of Syracuse Council. Mayor Stone, in an effective manner, presented a cordial invitation to the gathering to hold its next annual session in that city, enumerating its many advantages and assuring the members that the freedom of the city would be theirs. Mr. George at its close said that while no vote could be taken except in execu-

tive session asked for an expression of those present relative to the invitation and practically every one in the room arose, the women assuming that now they are privileged to vote on all occasions. The determining vote will be taken this morning. The appearances are that Syracuse has the convention clinched.

Flag Day Parade.

Three times yesterday afternoon the Kaiser, with the assistance of Jupiter Pl. Ius, the giver of storms, undertook to put an effectual damper, or at least a dampener, upon the Flag Day parade in Oneonta. The first effort was a little after the hour of noon, and was doubtless intended as a discourager to venturing out. The second came a half hour or more later, and for a little time camouflaged as the beginning of an all-afternoon rainfall. Still later there was a third, of diminished intensity, like the third of the June attacks on the French fronts toward Paris.

Nothing, apparently, the impossibility of keeping anybody at home, the discouragers of patriotic gatherings let up on their efforts. The sun

free burning—and in this mission the mothers, sisters and daughters of this great fraternal family can be leaders.

Keep the fires of love and loyalty, of pride and heroic fortitude, burning brightly and brightly in the hearts of the U. C. T. Many of the members of the latter were necessarily assigned to other parts of the parade, but in here they made a fine showing, as did also the Elks, the Moose, and the sturdy ranks of citizens of Italian nationality or descent, which comprised the Christopher Columbus club. The Spirit of '76, was a unique organization, which attracted quite as much attention from their uniforms as from the music rendered. Following them were the hundreds of pupils of the Oneonta State Normal and Oneonta High schools, which in many lines extending from curb to curb, were a feature of the big parade. Then came many citizens of Oneonta and the members of the several patriotic organizations of women, the Veteran firemen and the Oneonta Fire department with its fine apparatus, which cannot be excelled by any city of its size in the state.

A feature of the parade, which should not be overlooked was the solid ranks of the Red Cross, which in white or red and marching in perfect alignment formed a red cross—the symbol of their order.

Many persons doubtless noted the fine dog marching with her owner, Mrs. L. D. Slade in the Oneonta Red Cross "Beauty," it may be of interest to know, had a perfect right in line. She is herself a full-paid member of the Red Cross, and a member of the family, by which she is owned, is doing duty with the colors.

Exercises at the Park.

Arriving at Wilber park the paraders were assembled in the form of a hollow square north of the flag pole. The sun was shining brightly and with the grass only slightly damp, all thoughts of the clouds were dispelled by the cheer and inspiration aroused by the raising of the flag which was reviewed by the city officials and the officers of the Grand Council. Later Company G gave a creditable drill.

Adjourning to the natural amphitheatre the throng was first given a delightful and charming series of folk dances and other summer time events, in which the students of both the Oneonta High and State Normal schools participated, the grace and beauty with which the young ladies presented the scenes being favorably commented upon by all. That it was keenly enjoyed was evidenced by the fact that all tarried, many standing, during the entire program, which was of an hour and more duration.

Address of Mr. Mulliner.

The address at the park was given by John A. Mulliner, of Columbus, Ohio, supreme attorney, who spoke substantially as follows.

"Friends—Never in the history of this great nation has our flag meant so much to all of us, and never has it meant so much to humanity the world over. Ever a symbol of liberty and freedom from oppression, its present great mission at home and overseas inspires millions and so it is fitting that this day be set aside for consideration of its present noble purpose of leading hosts in a world-cause. With such a tremendous world struggle in progress there is inspiration enough in the very air to arouse all that is noble within us, and in the interests of broad humanity it is our declared purpose, as an organization united in the strong bonds of brotherhood, to stand firmly.

Andrew W. White,
Grand Junior Counselor.

loyally, unselfishly, and eagerly behind our government, lending individual aid and organized effort wherever opportunity affords.

The exact number of our councillors who are today with the colors is not as yet recorded, but at a safe estimate the order's service flag should contain upwards of 2,000 stars and we are encouraging this service with the colors by continuing the W. & O. protection without cost to these members. We have enrolled some five thousand councillors (50% of our members) in the government food control bureau, others of our number are four-minute speakers for the bureau of information or with the department of justice and many more are in the Red Cross and Y work both here and over there.

But our paramount service has been, perhaps, the spreading of commercial optimism. With our thousands of members coming into personal touch daily with the business men in the country the benefit of such efforts is beyond calculation and should constantly be of greater value. Adapting ourselves cheerfully to conditions and regulations is both patriotism and power and in spreading this doctrine we have found our merchants most considerate. But back of all our courageous manpower, our wonderful machine of war, the heroic sacrifices of service, the wise government of our national affairs, the skillful handling of our re-

lief. Is our family name upon the casualty list and a gold star on our service flag? Then read the inscription beneath the statue of Nathan Hale "my only regret is that I have but one life to give."

With this and countless other examples of courage and patriotism before us, is it any wonder that we love this grand old flag, that the sight of it thrills us, and that we have set aside this day to honor its noble record? Can we feel that we have any share whatever in the great world struggle which this splendid emblem is inspiring unless we suffer something of individual sacrifice, pain, or even sorrow?

Taught by the past, keeping the end in view, knowing what the goal is, we can serve nobly in the present, and hopefully face and live toward the future. And what a future is in the making. Human beings for a noble cause never died in vain. How great then must be that future for which so many have laid down their lives and for which so many more are offering themselves as the supreme sacrifice. With this end in view, a

Mason E. Shultis,
Grand Treasurer.

better world made safe for humanity, it is our duty and privilege to serve loyally, strongly, hopefully and individually behind these colors of our country.

Oneonta Vanquished.

The annual base ball game followed the exercises at Wilber park and it was played at the diamond at Neahwa park, where a good crowd gathered and saw the strong Binghamton team administer a good sound thrashing to the aspirants for diamond honors from this city. That Binghamton bunch has some base ball machine, evidently established on the order of the German war machine and the locals never had a look in at the game. Twice the Binghamton sluggers lifted the pellet over the fence in left field for a homer and while Fogarty pitched good ball for the Oneonta team and McKern, who succeeded him in the sixth also did well, their support lacked considerable of being what it should have been.

Seven innings were enough for all the Binghamtonians were weary of scoring and the home players satisfied that they were not in the running save for a couple of chance dents of the rubber.

The score by innings follows:

Binghamton .. 3 5 3 0 2 0 1—14 16 4
Oneonta .. 0 10 6 0 1 0—2 7 6
Batteries—Carver and West, Fogarty, McKern and Peckham and Brown.
Umpires—Datus and Merritt.
The proceeds of the game are to be donated to the local Red Cross.

Grand Ball at State Armory.

Last evening occurred the chief social function in connection with the convention, that being the Grand Ball given at the state armory, in honor of Grand Counselor and Mrs. W. G. George, of Albany, those in attendance being guests of Company G, Tenth Infantry, New York Guard. The event was in keeping with all other arrangements for the enjoyment of the visitors. The armory was decorated with National colors and the music by Gardner's orchestra was most enticing and the dancing continued until a late hour. The attendance was large, the committee finding it necessary to limit the invitations to the visitors, and their hosts in the city.

The committee in charge was composed of Hon. Charles Smith, Hon. L. F. Butts, W. W. Capron, B. H. Morris, Foster West, I. F. Foster, C. F. Baylis, C. R. Morris, Charles H. Walling, H. D. Weston, Harry E. Powell and C. L. Hocking.

Final Day's Program.

This morning, at 9 o'clock, the final business session of the Grand Council will be held at the Municipal building, at which time officers for the coming year will be elected and the place of meeting for next year will be decided.

At 11 o'clock a public installation of the new officers will be held, to which the Oneonta public is invited. Supreme Conductor R. A. Tate of Utica will be installing officer. Later the appointments will be announced by the Grand Counselor, which will be followed by some remarks for the good of the order, after which the adjournment will be taken.

In the afternoon, commencing at 1 o'clock sharp, a drill day will be held at Neahwa park, among the events announced being quint picking, wheelbarrow races, secret time walk, secret time run, starting broad jump, bob skip and jump, and ring contests, all of which events are open to both U. C. T. members and their ladies and for which valuable prizes donated by Oneonta citizens will be presented.
